

Solvent LQ 90.920

Code A31890920-

PRODUCT DESCRIPTION

Product with high solvent power and low volatility.

APPLICATION FIELDS

This solvent has been formulated for the cleaning of the screen printing frames and the printing tools (squeegees, counter squeegees, palette knives).

PROCESSO APPLICATIVO

Substrates	SCREEN PRINTING FRAMES SQUEEGEES, COUNTER SQUEE- GEES, PALETTE KNIVES
Emulsion	Solvent resistant
Storage	Away from direct sunlight and heat sources
Packaging	5 L, 25 L
Safety data sheet	Available upon request

PREPARATION

This product is ready to use and may be poured onto the surface to be cleaned.

TECHNICAL FEATURES

The fabrics, and above all the direct matrices, are not altered by Solvent LQ even after several washes, thanks to the high quality of the special solvents used in the formulation. Solvent LQ is indicated for clearing of screen printing matrices and printing tools, used with solvent based, UV and plastisol inks.

GENERAL FEATURES

- Low smell
- · High solvent power

SPECIAL RECOMMENDATIONS

- Always test the characteristics of the product, before starting production.
- The above information is the result of previous knowledge and experience; it is neither a guarantee or an assurance.

IMPORTANT NOTE

The information given in this technical sheet is not intended to be exhaustive and any person, using the product for any purpose other than that specifically recommended in this sheet without first obtaining written confirmation from us of the suitability of the product for the intended purpose, does so at his own risk.

While we endeavour to ensure that all advice we give about the product is correct, we have no control over either the quality or condition of the substrate or the many factors affecting the use and application of the product.

Therefore, unless we specifically agree in writing to do so, we do not accept any liability whatsoever or howsoever arising for the performance of the product or for any loss or damage arising out of the use of the product.

The information contained in this sheet is liable to modification from time to time in the light of experience and our policy of continuous product development.

WARNING

This technical data sheet does not replace either the Safety Data Sheet or the specific Conformity Declaration. These documents may be required to our SHEQ (Product safety office), at the following e-mail address: safety@eptainks.com

The technical data sheet does not relieve the printer, who remains the only responsible of the respect of the regulations, the specifications and the related required certifications of the finished items
