

SILICONE RELEASE

PRODUCT DESCRIPTION

Silicone detaching-antiadhesive aerosol for screen printing

APPLICATION FIELDS

Antiadhesive and detaching.

PHYSICAL FEATURES

- Its particular formula and its special proportioning valve (about 1 g/sec) allow a correct proportioning for a high quantity of prints, without marks and spots.

PACKAGE

- 1 AEROSOL contains 400 ml of product
- Boxes with 24 AEROSOLS each

GENERAL FEATURES

- Excellent detaching for printing of plastic materials
- Excellent antiadhesive effect

IMPORTANT NOTE

The information given in this technical sheet is not intended to be exhaustive and any person, using the product for any purpose other than that specifically recommended in this sheet without first obtaining written confirmation from us to the suitability of the product for the intended purpose, does so at his own risk.

While we endeavour to ensure that all advice we give about the product is correct, we have no control over either the quality or condition of the substrate or the many factors affecting the use and application of the product.

Therefore, unless we specifically agree in writing to do so, we do not accept any liability whatsoever or howsoever arising for the performance of the product or for any loss or damage arising out of the use of the product.

The information contained in this sheet is liable to modification from time to time in the light of experience and our policy of continuous product development.
